## New club trail map:

Please find enclosed a rough first draft of one version of our club map. Much thanks go to Kevin Slate, Timothy Tucker and Bill Lyons for their time collecting all of the "way points" or data points and to working with the software to print out the map. This is a good overall snapshot of our trail system. We will be producing a "close up" map especially of the central town area. Please give us your feedback on this project.
