

SNOW COVER LAW

Massachusetts Snowmobile and Recreational Vehicle Law's 323 CMR 3.00 Section 3.03 Item 6 entitled Snow Cover. This regulation states that:

No person shall operate a snow vehicle on any public land where such operation is otherwise permitted by the agency in charge thereof, unless such land is covered by snow to a minimum average depth of four inches of packed snow or such other depth as is determined by the person in charge of said land or his designee to be sufficient to preserve the ground cover.
